

Figure 1. *Rome* has completed purchase of the San Jose and La Concepcion concessions (outlined in red) in the Inguaran Area, Michoacan, Mexico. *Rome* owns these properties and those in Figure 1 with black borders (green bordered area excluded) for a total of about 7,040 hectares. The main focus of exploration at Inguaran is on porphyry copper-tungsten occurrences in the area marked purple. (Coordinates are Nad27Mexico.)
